HOW WE WORK 13 STEPS FOR AN OUTSTANDING AND UNFORGETTABLE EXPERIENCE

Step 1: Fill Out The Questionnaire

The Customer fills out an online form for the category of services he/she is interested on our website and presses the “send” button.

Step 2: Acceptance Of An Application And Formation Of An Offer

After receiving the application as a completed questionnaire on our website, we will prepare a suitable commercial offer (hereinafter referred to as CO) within a maximum of 2 days.

Step 3: Conclusion Of Memorandum Of Understanding (MoU)

In case of preliminary agreement on the CO sent by us, we sign a MoU with the Customer for further dialogue regarding clarification/discussion of the details of the CO.

Step 4: Advance Payment

After the conclusion of the MoU, the Customer transfers the advance payment, which is indicated in the CO sent by us.

Step 5: Online Consultation

After the advance payment done by the Customer, we organize an online consultation with him/her to clarify/discuss the details of the CO.

Step 6: Revising The CO

After discussing the details, we will revise and form the new CO within maximum 5 days.

Step 7: Termination Of MoU Or Conclusion Of The Sales Contract

After the Customer receives the new CO, we will either enter into an agreement for the sale of services or we will terminate the MoU, which means the completion of the first 6 steps and requires starting a dialogue with the Customer from scratch.

Step 8: Payment

After concluding an agreement for the sale of services, payment is made directly to the company's bank account. We send an invoice as confirmation of the payment.
